

340 GTWA

SAXDOR

PROTECTED WALKAROUND

The Saxdor 340 GTWA combines a fully enclosed pilothouse with a true walkaround layout, offering protected comfort and easy movement on board.

Panoramic glazing and sliding doors create a bright, sheltered space that can open up when needed, maintaining a strong connection to the surroundings.

With 360° access around the boat and a practical cabin layout below, the 340 GTWA is designed for safe handling, everyday usability, and comfortable weekends on the water.

COMFORT IN CONTROL

A fully enclosed pilothouse with panoramic glazing and sliding doors creates a protected space for use in changing conditions.

When opened, it brings in fresh air and maintains an open, connected feel, combining shelter with the experience of open boating.

When closed, it provides full protection from wind, rain, and temperature changes, ensuring a calm and comfortable environment on board.

360° FREEDOM OF MOVEMENT

A full walkaround layout provides easy access around the boat, making movement simple and intuitive in all situations.

Wide side decks enhance safety and control, whether boarding, anchoring, or moving between areas on board.

SPACE TO RELAX

The 340 GTWA offers dedicated areas for relaxation, with a spacious bow lounge and a comfortable aft seating area designed for time on the water.

At the bow, a generous sofa creates a perfect spot for sunbathing and enjoying the surroundings, while the aft deck provides a relaxed setting for socialising and spending time on board.

An optional opening window connects the wheelhouse with the aft area, creating a more open flow and bringing the spaces together when needed.

THE FUTURE TAKES SHAPE

Saxdor was founded in 2019 by Sakari Mattila, bringing decades of experience from Finland's leading boat brands. From the start, the brand introduced a bold new approach to boating, combining agile performance with thoughtful, well-designed usability on board.

Since then, the range has evolved rapidly, from the early models to the latest 460 series, introducing new levels of space, versatility, and onboard living.

Today, Saxdor offers a complete range of boats built on the same core principles: lightweight Scandinavian construction, sharp hydrodynamics, and thoughtfully designed deck space.

From the sporty 270 GTO to the flagship 460 GTC, every model delivers a confident, efficient, and rewarding experience on the water.

GLOBAL NETWORK

Saxdor is present wherever boating matters most — through a network of over 180 dealer locations across more than 70 countries and territories on 5 continents.

Wherever you are, our global network brings you closer to the brand, with local expertise and seamless access to our boats and services.

Together with our dealer partners, we participate in more than 100 boat shows and water sports exhibitions every year — from Cannes and Düsseldorf to Miami and Singapore. Each event is an opportunity to explore the Saxdor range on the water, discover the full lineup through our digital showroom, meet the team, and join the growing community of owners worldwide.
